In the Matter of:

APPLICATION OF BOONE COUNTY WATER)
AND SEWER DISTRICT TO MAKE TARIFF)
REVISIONS OF RULES AND REGULATIONS)

CASE NO. 94-526

O R D E R

On November 29, 1994, Boone County Water and Sewer District ("Boone County") filed tariff revisions to require lateral connections of eight inches or greater and to implement a new transmission line extension reimbursement program. On December 28, 1994, the Commission suspended the tariff filing for five months beginning January 1, 1995 for further review and consideration of the proposed change in extension policy.

On March 8, 1995, the Commission issued a data request in this case. The utility's response was received March 23, 1995.

Boone County has not provided persuasive documentation to justify these tariff revisions.

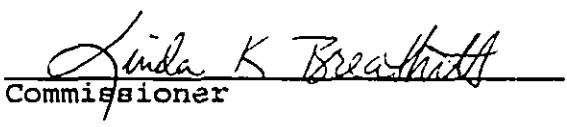

This Commission, being otherwise sufficiently advised, HEREBY ORDERS that the proposed tariff is hereby denied.

Done at Frankfort, Kentucky, this 31st day of May, 1995.
